YESTERDAY'S NEWS™

A New Take On Our Classic Jiffy® Padded Mailers

Made to Protect and Conserve

Introducing Yesterday's News™ Padded Mailers from Sealed Air, the most resourceful line of mailers available. Yesterday's News™ Padded Mailers provide all of the protection of our original Jiffy® Padded Mailers, while decreasing raw material consumption and utilizing additional post consumer paper fibers.

All the News That's Fit to Pack

Yesterday's News™ Padded Mailers place a priority on environmental considerations, yet do not compromise performance. The exterior and interior kraft are made with recycled kraft paper. The interior padding is 100% recycled shredded newspaper, offering excellent protection.

Reduce Cost by Going the Paper Route

Yesterday's News™ Padded Mailers are an ideal solution for shipping low-profile items such as auto/industrial parts, books, DVDs, CDs, printed materials and binders. By eliminating cartons, and the packaging material inside of them, Yesterday's News™ mailers reduce package size, which saves postage costs and energy needed for transport.

Mailer Size Chart

Yesterday's News™ Padded Mailers are available in the following sizes:
